

Corporate Law

Companies from just about any size face special challenges with business structure, capital investments, technology compliance, labor matters, business disputes, and trademarks. My representation includes clients generating annual revenues from \$120,000 to Fortune 500 companies. No matter the size, close relationships are essential in order to fully understand the unique concerns of any business.

Tatum Hilmoie, APC's corporate practice includes the ability to perform general corporate counsel services, federal and state compliance audits, labor audits, business structuring, trademark representation, technology representation, and business dispute representation. My network of Law Firms, CPAs, Financial Advisors, and Insurance Brokers may be called on at any time for just about any deal.

The ability to work with an effective team saves thousands of dollars for clients. This enables me to remain nimble to a company's evolving needs.

Mergers & Acquisitions

I have over 9 years experience with mergers & acquisitions and purchases & sales.

Securities Law

U.S. Bank, N.A. provided my first practical experience securing real estate, notes, and licenses. Additionally, I have had the opportunity to represent debt buyers with the sale of secured and unsecured debt.

To raise capital, the Firm represents companies with private placements and other securities filings. Give me a call to discuss.
